We declare that **Lemmaco Kft.** makes all efforts – still before commencing data processing activities – to ensure the right to be informed for all the data subjects in order to provide them with unambiguous and detailed information in relation to the processing of their personal data, as well as all the rights and applicable legal remedies associated with data processing. In these aspirations, we try to make the entire course of data processing trackable and controllable.
5. While processing data, **Lemmaco Kft.** strives for giving priority protection to personal information to ensure the rights of the data subjects for informational self-determination. To realize this intention, we ensure appropriate protection for all collected personal data in line with the requirements of the legal regulations referenced in Section 2 of this Declaration. The protection of personal data also extends to physical data protection, i.e. their safeguarding from destruction, unauthorized alteration, access, use or transfer.
6. We further declare that in all our activities we rely on the services of only such partners (subcontractors) who comply with the requirements stipulated in the provisions of the data protection legislation in effect from time to time.
